

ACCESSIBILITY STATEMENT

Effective Date: July 6, 2026

Making Music Matter For Kids Inc. is deeply committed to ensuring digital accessibility for people with disabilities. We are continually improving the user experience for everyone and applying the relevant accessibility standards to ensure that no child or family is left behind due to technological barriers.

1. Conformance Status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for individuals with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. <https://www.makingmusicmatterforkids.org> is partially conformant with **WCAG 2.1 Level AA** standards. Partially conformant means that some parts of the content may not fully adhere to the strictest accessibility standard due to limitations within third-party widgets or historic data structures, but active measures are taken to optimize accessibility on a rolling baseline.

2. Accessibility Features on Our Platform

To achieve our accessibility goals, our Wix web layout incorporates several optimization infrastructures, including but not limited to:

- **Alt Text Attributes:** Ensuring all primary core images, business directory logos, and graphics have descriptive alternative text for screen readers.
- **Keyboard Navigation:** Structuring page elements and custom signup popup containers to allow full tab-through capabilities for users operating without a mouse.
- **Contrast and Legibility:** Selecting font scale properties and high-contrast color balances to accommodate visual impairments and reading clarity.
- **Form Optimization:** Explicitly labeling database input forms and text fields within our business intake pipeline for clear assistive-technology processing.

3. Technical Specifications

Accessibility of our Site relies on the following web technologies to work with the particular combination of web browsers and any assistive technologies or plugins installed on your computer:

- HTML
- WAI-ARIA
- CSS
- JavaScript

These technologies are relied upon for conformance with the accessibility standards used across our New Jersey digital footprint.

4. Third-Party Limitations

While we strictly vet our digital partners, certain features integrated into our environment—including embedded YouTube videos from *The Place Live* media channel, maps, external local business directory links, and payment frames (such as Fundraise Up)—are developed and controlled by third-party entities. These components may not fully conform to WCAG 2.1 Level AA standards, though we actively encourage our providers to maximize accessibility.

5. Feedback & Contact Information

We welcome your feedback on the accessibility of Making Music Matter For Kids. If you encounter accessibility barriers, experience difficulty registering a business listing, or require accommodations to access our scholarship details, please contact us immediately:

Making Music Matter For Kids Inc. 3600 Route 66, Suite 150 Neptune, New Jersey 07753 Email Address: makingmusicmatterforkids@gmail.com Telephone Number: 732-725-6060

We aim to respond to accessibility inquiries within five (5) business days and will work diligently to provide alternative asset formatting whenever required.
